

Snow Emergency Alert Levels

This Snow Emergency Route Guide provides LANTA riders with a list of route changes that may be implemented during a declared snow emergency.

Route changes may be implemented Systemwide, by Region, or by Detour Area.

FULL CANCELLATION

LANTA actively monitors roadway conditions during winter weather events for snow and ice.

If roads become too slippery, LANTA will call for a Full service Cancellation and will issue a Time for the cancellation.

At that specified time, ALL LANTaBus Routes will begin Drop-off Only service to their End of Line or next Transfer Point before terminating.

Transfer Points at which service will terminate:

- **ATC = Allentown Transportation Center**
- **BTC = Bethlehem Transportation Center**
- **EITC = Easton Intermodal Transportation Center**
- **LVIA = Airport Multimodal Transportation Center**
- **SSTC = Southside Station (3rd & Fillmore)**
- **Whitehall = Whitehall Central (Walmart)**

FULL SNOW EMERGENCY

After a Full Cancellation or if snow is accumulating too quickly on hills, LANTA will begin Full Snow Emergency detours.

During a Full Snow Emergency, all LANTaBus routes will continue operating with modified services as described under the Snow Emergency Detours section of this guide. NOTE: Buses will likely be delayed during Snow Emergencies. It is recommended that Riders use any of the bus tracking apps listed in the Emergency Updates section to determine their bus location and arrival time.

PARTIAL SNOW EMERGENCY

After a snow event, some areas may be cleared before others. As areas begin clearing, LANTA will enter a Partial Snow Emergency during which select Regions or Detour Areas will be listed.

The Snow Emergency Detours section of this guide lists all Regions and Detour Areas in the following format:

Region name

Detour Area name: Detour Area description

- **Affected Route Number & Direction**
 - Turn-by-Turn detour directions. (Buses make all stops on detour streets, but only at locations that are safe to stop as determined by Drivers. Please select a cleared stop location that is clearly visible to oncoming traffic.)

If a Region is listed, all detours listed under that region will be in effect.

Snow Emergency Detours

Allentown

Allentown 1st Ward: No service on Gordon St, Allen St, or to Waterfront
