## **5. Report of the Chair**

As part of the Report of the Chair, Mr. Lichtenberger noted that LANTA had submitted a request to PennDOT for stabilization funding in September. Similar to the requests submitted by SEPTA and Pittsburgh Regional Transit, LANTA's request would allow for a two-year stabilization period. LANTA's request included a plan for how LANTA would use that two-year period to make adjustments that put LANTA in a better financial position. PennDOT has acknowledged their receipt of that request and informed LANTA that the request is under review. The acknowledgement from the PennDOT Secretary Michael Carroll, which is attached, also states that PennDOT is looking to make a determination in the very near future.

Mr. Lichtenberger noted that the LANTA Board appreciates the update from Secretary Carroll as well as PennDOT's consideration of LANTA's request. The Board urges the Department to reach a positive determination as a result of that review to allow LANTA to avoid immediate and severe service reductions. While an approval of LANTA's stabilization request would help for the short term, LANTA continues to advocate for a longer-term sustainable funding solution for public transportation.

Mr. Lichtenberger then concluded the Report of the Chair.

COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF TRANSPORTATION  
HARRISBURG, PENNSYLVANIA 17120

September 29, 2025

Owen O'Neil, Executive Director  
Lehigh and Northampton Transportation Authority  
1060 Lehigh Street  
Allentown, PA 18103

Dear Mr. O'Neil:

This letter is in response to Lehigh and Northampton Transportation Authority's (LANTA) letter dated September 15, 2025 requesting the Pennsylvania Department of Transportation's (Department) approval of a one-time use of state capital assistance funding under 74 Pa.C.S. § 1514 to fund LANTA operations. LANTA is requesting \$24 million to support its operations for two years.

Section 427.6(b) of the Department's Regulations, 67 Pa. Code § 427.6(b), allows the use, with Department approval, of capital assistance funds for operating assistance to prevent one or more of the following:

- to prevent a reduction in service.
- to prevent an unreasonable fare increase.
- to prevent a projected one-time unbalanced operating budget.

The use of capital assistance funds for operating assistance must include a written justification supporting that the proposed one-time use of capital funds for operating assistance will not result in the deferral of any important capital project that could have been funded if the capital funds were not transferred to operations.

As stated in your letter, LANTA does not receive a statutorily specified allocation of capital assistance funding. However, LANTA does receive competitively awarded funding under 74 Pa.C.S. § 1514 (c) to match federal capital funding and other specified projects, like rolling stock and facility maintenance.

LANTA is facing a \$12 million annual operating budget deficit as a result of several factors, including service expansion to support population and economic growth in the region and stabilization of the Shared Ride program with operating funds. Without additional financial support, LANTA has indicated they will have to reduce service on fixed route buses by 40 percent, reduce the availability of Shared Ride, and significantly increase fares across all modes beginning in January 2026.

The Department is reviewing LANTA's FY 25-26 capital assistance grant and other information necessary to make a decision on this request. I hope to have a determination or recommendation in the very near future.

If you have any questions, please contact Meredith Biggica, Deputy Secretary for Multimodal Transportation, at 717.787.8197 or [mebiggica@pa.gov](mailto:mebiggica@pa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Michael B. Carroll". The signature is fluid and cursive, with the first name "Michael" and last name "Carroll" clearly distinguishable.
